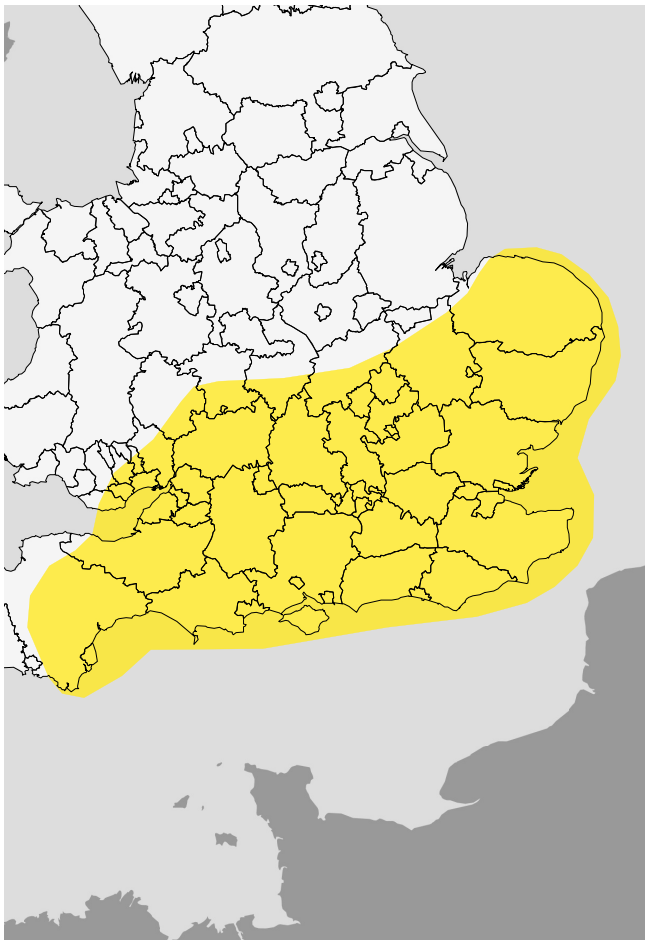
Yellow warning
Thunderstorm

Between
05:00 Sun 25 Jul 2021 and
23:59 Sun 25 Jul 2021



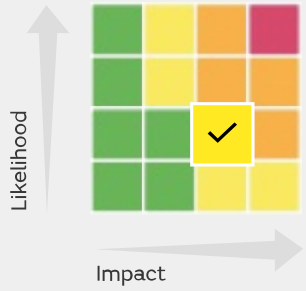
Heavy showers and thunderstorms may lead to flooding and transport disruption in places on Sunday.

What to expect

- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- Flooding of homes and businesses could happen quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- Power cuts might occur and other services to some homes and businesses could be lost

Further details

After early rainfall in the southeast of England, showers and thunderstorms are likely to develop more widely across the warning area during the afternoon. The focus of torrential downpours will probably be across the eastern half of the warning area and perhaps also across some southern coastal counties further west. Hail and gusty winds may prove additional hazards. Some areas, particularly in the west, may largely avoid the heavier showers.



Low likelihood of medium impacts

Yellow warning
Thunderstorm

Between
05:00 Sun 25 Jul 2021 and
23:59 Sun 25 Jul 2021

Further Details (continued)

Rainfall amounts will vary considerably from place to place, but hourly totals could approach 30 mm in some places, with a few locations perhaps picking up 60 to 80 mm from successive showers and storms through the day.

Reason for update

Warning likelihood increased, due to greater focus across the east of the warning area. Start time brought forward to cater for possible heavy morning showers across southeastern areas.
